Hey Chief,

I also sent emails to records but just for record with you too cause a lot of the email addresses online kicked back that they weren't correct mailboxes...

Under Ohio Rev. Code 149.43, I request electronic copies of:

- A) Complete audio of the WTPD outgoing call to me, Derek Salyers, on September 5, 2025 at approximately 4:46 PM.
- B) CAD/Event logs and dispatch notes tied to that call (identifying officer, timestamps, dispositions).
- C) Any incident report/field notes/supervisor notes regarding that call.
- D) Any related radio traffic or in-station recordings for the same event window (4:30–5:15 PM).
- E) (If created today) the CAD/Event number and log for my informational entry about approximately 3:45 PM on September 5, 2025.

Please provide audio as MP3/WAV and logs/notes as PDF/CSV by email. If any portion is withheld, please cite the specific statutory exemption and release the remainder. Some published emails bounced; please confirm receipt of this request and advise if there is a preferred records inbox.

Name: Derek Salyers
